TOWNSHIP ROADS DEPARTMENT ENTRANCE PERMIT APPLICATION CONDITIONS

1. A permit is required for **each** entrance on a Township Road.
2. Entrances shall not be changed or altered from their original proposed use or construction without a further permit.
3. If an entrance is used, contrary to the condition under which it was approved, the Township will remove the said entrance at the property owner's expense.
4. High volume commercial divided entrances must be clearly signed as exit or entrance.
5. Where accesses are affected by the reconstruction of Township roads, the Township will reinstate, at its cost, any affected entrance.
6. The Township will maintain drainage throughout the culvert and replace at its own cost, worn, damaged or deteriorated culverts.
7. The Township will maintain only that portion of the entrance that lies within the shoulder width on the roadway. The remaining length must be maintained by the property owner at his own expense.
8. A permit will be required to pave any driveway to the pavement edge. This will be issued free of charge provided that the driveway is properly sloped down from the edge of the pavement. If not, the entrance must be resloped to the proper profile.
9. Property owners will be responsible for cleaning shoulder material off any paved driveway.
10. Commercial Entrances will correspond to the latest M.T.O. designs and must be paved to the property line.
11. **Commercial entrances must be completed within six months** of the date of issue of the permit or the permit shall be void and cancelled by the Township.
Residential Entrances must be completed within 12 months of the date of issue of the permit or the permit shall be void and cancelled by the Township.
12. This permit cannot be assigned or transferred from one owner to another.
13. If, during the life of this permit, any acts or regulation adopted which affect the rights and privileges herein granted, the said acts or regulations shall be applicable to this permit from the date on which they came into force.
14. Applicant must pay the security deposit prior to construction, and a further deposit of \$2000.00 is required for a paved Commercial entrance.
15. No headwalls are permitted.
16. Construct only to the outside edge of the shoulder.
17. The minimum entrance pipe lengths where D is the distance between the top of the entrance to the bottom of the pipe is:

D Meters	Minimum Length in Meters
Up to 1.0	9
Up to 1.31	11
Up to 1.7	12
1.7	As approved.

Only new corrugated steel pipe is to be used (C.S.P. meeting O.P.S.S. 1801)
