

# **CITATION FOR BOYD GOODBERRY**

## **VOLUNTEER OF THE YEAR FOR 2017**

Boyd Goodberry, a life time resident of South Frontenac, having recently retired from Kingston General Hospital has spent quite a lot of time volunteering for the Social & Athletic Club. We are lucky that Boyd is so handy; his handyman skills were definitely an asset when we received the Trillium grant last year to renovate the club hall. Boyd was at the hall every day for very long days working tirelessly alongside the contractors and even keeping up the momentum after the renovations were complete.

The endless cleaning, painting and trim work installed were completed without any complaints. His dedication and excellent work ethic to that project were second to none.

We are very proud to have him on our team of directors and members. Boyd's volunteering did not just start when he retired. Boyd has been helping out with the Canada Day in the Park Celebrations for many years. His BBQ chicken over a fire was always the best around. For the past several years on Canada Day you could find him behind the canteen BBQing for most of the day. Boyd is also known for his generosity and talents; always donating hand crafted gifts for the Chinese Auction and graciously bringing down his trailer to the park for the Canada Day Celebrations to use as a headquarters.

When the going gets tough Boyd is always there to lend a helping hand; setting up the hall for functions, picking up supplies, setting up and tearing down for events at the park, fixing a toilet or changing the locks on the cupboard doors. Boyd is one of the most reliable hard working volunteers we have ever had. He attends monthly meetings and is not afraid to ask the hard questions for the good of the club. He is also known for his excellent bartending skills at many functions such as Euchre nights, dances and Chinese Auctions. Boyd also was on the 150<sup>th</sup> Celebration Committee, attending meetings and helping out in any way that he could. Thank you for your dedication and volunteering many years of service to our community.
