5. Staff Sergeant Report

Staff Sergeant Ouellette indicated that impaired driving charges are at 20 currently versus 18 year to date for 2010, this is seen as a good thing as it is getting more drunk drivers off the road.

With respect to break and entries, there is a person of interest being pursued and he anticipates that the clearance rate will climb as soon as the investigation concludes.

He reported that 9-1-1 calls were down.

Marine stats for July were provided. They involved the use of two full time marine operators and a student. Marine charges were noted to be somewhat discretionary. There is zero tolerance this year with regard to lifejackets however some of the other items such as boater cards and personal equipment may be looked at as a whole when investigating concerns on the water.

When asked with regard to the role of the OPP enforcement on trails, it was confirmed that they can in fact deal with trespass however hunting and fishing requirements are dealt with through the Ministry of Natural Resources. ATV's are used on trails when appropriate.
