**BACKGROUND:**

Public Services issued a Tender for the 2019-20 grass cutting seasons for all parks, sports field, fire halls and cemeteries. In the 2017/18 Tender, Public Services decided to institute a price per cut instead of a monthly rate to achieve cost efficiencies during unpredictable, dry summer conditions. This has proven to be the most effective method.

The submission of the lowest bidders has been evaluated for accuracy and the references for both new Contractors have been checked and are satisfactory to Staff. For these reasons, and also because the prices was either tied or low bid, the Public Services Department, under delegated authority, has awarded the above bids to the Contractors listed.

**FINANCIAL CONSIDERATIONS:**

There are sufficient funds in the 2019 Operating Budget for these contracts.
