Entrance Permit Application Conditions

1. A permit is required for **each** entrance onto a Township public road.
2. Permit applicants must submit applications in person to receive an entrance marking stake.
3. Entrances shall not be changed or altered from their original proposed use without an additional permit. If an entrance is modified for use contrary to the condition under which it was approved, the Township may choose to remove or repair the entrance **at the property owner's expense**.
4. Sight Distance (Visibility): Residential entrances shall have a minimum sight distance of **120 m in both directions where the posted speed limit is less than 70 km/h**, and a minimum sight distance of **180 m in both directions where the posted speed limit is greater than 70 km/h**.
5. **Commercial Entrances:**
 - a. Shall follow the latest OPSD design and must be paved to the property line.
 - b. Require a case-specific sightline visibility assessment, based on the posted speed limit.
 - c. A security deposit of \$2000.00 is required for a Commercial entrance.
 - d. Divided commercial entrances must be clearly signed as an exit or entrance.
 - e. **Must be completed within 6 months** of the date of issue of the permit.
6. Where accesses are affected by the reconstruction of Township roads, the Township will reinstate, at its own cost, any affected entrance.
7. The Township will replace at its own cost, worn or deteriorated culverts.
8. Property owners will be responsible for cleaning shoulder material off any paved driveway.
9. **Residential Entrances must be completed within 12 months** of the date of issue of the permit. Applicant shall notify the Township when the entrance is complete and ready for final inspection.
10. **This permit cannot be assigned or transferred from one owner to another.** Applicant shall ensure that the **entrance is granted final approval by the Township prior to selling the parcel**.
11. If, during the tenure of this permit, any acts are passed or regulations adopted which affect the rights and privileges herein granted, the said acts or regulations shall be applicable to this permit from the date on which they came into force.
12. No headwalls are permitted. Headwalls are a safety hazard for drivers.
13. To prevent the over-densification of entrances on public roads, secondary entrances shall not be permitted unless suitable and sufficient frontage is available, as evaluated by the Township.
14. Culvert material shall be galvanized CSP or HDPE (**HPDE requires a minimum of 0.3 m cover**)
15. The minimum entrance culvert length shall be determined by the depth of cover, as follows:

Depth of Culvert Pipe Cover (m)	Minimum Culvert Length (m)
Up to 1.0	9
1.0 – 1.3	11
1.3 – 1.7	12
More than 1.7	Site specific

Plan of Lot and Proposed Entrance

Provide Sketch of Entrance Including Details Below:

1. House location and lot dimensions	2. Driveway entry location
3. Lot dimensions including road frontage	4. Distances from side lot line to entry
5. North arrow and property location identification description (i.e. nearest civic numbers the property is next to, or other discernible landmarks)
