TOWNSHIP OF SOUTH FRONTENAC APPLICATION FOR MINOR VARIANCE
Planning Act, R.S.O. 1990, c. P.13 as amended

A Guide to Completing the Minor Variance Form

- 1) The names of **all** owners must appear in this section, even if they live in separate residences, and the address(es) should be the **full mailing address, complete with postal code**.
- 2) You may wish to appoint someone to act on your behalf during the variance process. If so, that person's name, address and phone number should appear here. All owner's must sign the authorization.
- 3) Description of the Subject Land:
 - a. District: The Districts are the same as the former Townships. If you are not sure, check the roll number (the long number beginning with 1029) on your tax bill. If the numbers are 010, 020 or 030, your district is Bedford; if the numbers are 040-050, your district is Loughborough; if the numbers are 060 or 070, your district is Storrington; and if the numbers are 080, your district is Portland.
 - b. Concession and Lot Numbers: if you are not sure, check your tax bill
 - c. Street Number: Your civic address – if a civic number has not been assigned, leave this space blank.
 - d. Name of Road/Street: This question applies whether or not you are on a private lane or a public road.
 - e. Reference Plan No: If your property has been surveyed, it will have a plan number, and one or more parts on that plan. If your property has not been surveyed, leave this space blank.
 - f. Roll No: This is the number beginning with '1029' which appears on your tax bill. Please take time to look it up before submitting the application.
- 4) Frontage, depth, area, acres: All parts of this question must be completed.
- 5) Current zoning: You may not be aware of the zoning on your property and this can be determined when you come in for pre-consultation with planning staff.
- 6) Nature and Extent of Relief: This question is asking what you are asking to do that requires the variance – for example, it could be that you are asking to be 25 m rather than 30 m from the high water mark, or that you are asking to increase the height of a structure within 30 m of the high water mark, or that you are seeking a variance to construct an accessory building closer to the front lot line than the principal building.
- 7) Reason why you can't comply: In other words, why can you not meet the required setbacks. It could be, for example, because you are seeking a variance to add on to an existing structure that is already too close to the water, or that developing further from the water would be impossible because of a steep embankment.
- 8) Roads: Municipally maintained roads are looked after by the Township; private roads are lanes that residents maintain themselves (not private driveways, but lanes that provide access to your property and that are generally shared with others).

TOWNSHIP OF SOUTH FRONTENAC APPLICATION FOR MINOR VARIANCE
Planning Act, R.S.O. 1990, c. P.13 as amended

- 9) Parking and Docking: This question is only relevant if you can only access your property by water.
- 10) Existing Uses: e.g. residential, retail business, vacant recreational land
- 11) Buildings: If there are **ANY** buildings or structures on the property now, the answer to this question is “yes”.
- 12) Description of buildings and structures: You must complete all sections of this question for each structure on your property. **If there is a deck on your dwelling, please describe it separately from the residence.**
- 13) Proposed Uses: Generally, the answer to this question will be the same as the answer to #10, but if, for example, the land is currently vacant, and you are planning to construct a dwelling, then the use to be described in section 10 would be “vacant recreational land”, and the use described in section 13 would be “residential”
- 14) Proposed structures: If you are planning to build **ANYTHING** on the property, the answer to this question is “yes” – This includes additions, decks, garages, septic systems.
- 15) Description of new construction: **ALL** proposed new development must be described here. If you are proposing to construct an addition to a dwelling, and to add a deck, please show this information in separate columns.
- 16) **Demolition: All demolition requires a permit from the building department.** In some instances, a proposed addition or increase in height cannot be accomplished without the removal of existing walls. If this is not made clear to the Committee at the beginning of the process, you may find that, although you are granted permission to add on to your residence, you can’t actually do it because you have not made it clear that there is demolition involved.
- 17) Raising of Structure: In other words, are you proposing to raise the building in order to construct a basement under it.
- 18) Uses of Development: Please answer each part of this question. An increase in living space would include anything with walls – e.g. a screened porch would involve an increase in living space.
- 19) Date land acquired: When did you take possession of the property?
- 20) Date of existing buildings: If you are not sure, provide your best estimate.
- 21) Length of existing uses: For example, has the land been used for residential purposes for 30 years, or 18 months?
- 22) Water supply: in most cases the answer will be private well, but some waterfront properties take their water from a lake.

TOWNSHIP OF SOUTH FRONTENAC APPLICATION FOR MINOR VARIANCE
Planning Act, R.S.O. 1990, c. P.13 as amended

- 23) Septic: in most cases the answer will be private sewage system, but there may be some privies.
- 24) Drainage: Are there specific ditches that have been constructed to deal with drainage; is there natural drainage, etc.?
- 25) Application for consent: Is there currently an application for consent (severance) being proposed for the property?
- 26) If yes: If there is a current application for severance or subdivision on the property, please indicate the file number. (Staff can help provide this information)
- 27) Minor variance: Has there ever been a minor variance granted on the property? If you are long-time owner of the property, you will probably be aware of any other special permission granted for a variance to the zoning by-law. If you are a new owner, the seller will probably have made you aware of this.
- 28) If yes: If there has been a previous variance granted on the property, please indicate the application number if known, and what the details of the variance were.
- 29) **SKETCH: We cannot stress enough the importance of a detailed, accurate, and complete sketch. You do not necessarily need to contract with a professional to draw the sketch, but sketches that are not drawn to scale, do not show dimensions and distances, or are not drawn neatly (PLEASE USE A RULER), will not be accepted.**
- 30) **Agreement to Indemnify:** Must be signed in front of a commissioner of oaths – you may have this done before submitting the application, or sign the application in front of staff who can sign as commissioners. All owners must sign the application, or it can be signed by an agent if one has been appointed.
